What are voluntary benefits?

Sometimes called “supplemental insurance,” these benefits enhance your employees’ medical insurance to help prepare them for life’s unexpected challenges.

They can be used for things that other types of insurance may not cover, such as lost wages, out-of-pocket expenses and household bills.

What do voluntary benefits do?

Save money

- Policies are employee paid
- Create tax savings
- Enable more affordable health plans

Expand (or launch) your benefits plan

- Offer benefits for the first time
- Strengthen your offering
- Provide choice and flexibility

Help recruit and retain employees

- Offer a personalized benefits plan
- Show employees you care enough about their futures to protect them

Who wants voluntary benefits?

Your employees.

OVER
80%

of employees said benefits through their employer contribute to their feelings of financial security.
